5 Reasons Why QuickBooks Enterprise Solutions is the Right Solution for You.

Enterprise Solutions, designed for growing businesses, is our most powerful product. It has the capabilities and flexibility to meet your business's unique needs as it grows—and it could save you thousands in up-front and ongoing system costs.

1. Capacity, Speed and Users to Scale With You

- Scalable from 5 to 20 simultaneous users (comes in 5, 10, 15, 20 user licenses)
- Handle 100,000 or more inventory items, customers and vendors[1]
- Built with a powerful industry standard database to scale with you

2. Enhanced Functionality to Help Make Better Decisions

- Advanced user permissions access to 115 areas and activities
- Over 120 built-in reports and a Financial Statement Designer tool
- Connect multiple locations and remote workers[2]
- Advanced inventory tools to track Bill of Materials, different price levels, inventory items and purchase, stock and sell the same item in different Units of Measure

3. Flexible to Work the Way You Want

- Customize QuickBooks reports, invoices and estimates to your needs
- Retrieve your QuickBooks data with ODBC compliant applications such as Microsoft®

Access and Excel to see data just the way you want – build custom reports, link your various business applications and build custom queries or tools[3]

4. Expandable and Customizable to Your Exact Needs

- A comprehensive selection of optional tools and applications to meet almost any business or accounting need - add exactly the capabilities your company needs, and no more
- Expand your capabilities with CRM, manufacturing, EDI by TrueCommerce, and many other key areas with QuickBooks-compatible software solutions[5]
- Developers from the Intuit Developer Network can even create custom design applications that work with Enterprise Solutions[5]

5. Fraction of the Cost of Competitive Multi-user Systems

- QuickBooks Enterprise Solutions costs $3,825 for a 10-user license — competitive multi-user systems can cost $14,000–$60,000
- Includes the Full Service Plan with 24/7 unlimited support, a dedicated support engineer and reporting services[4]
